Re.: Participation of project developers at upcoming validation and verification manual (VVM) dissemination workshops

Dear Mr. Enderlin

Thank you for your letter to the CDM Executive Board dated 17 August 2009 which has been made available to the Board. Please accept our apologies for the delay in sending you this response.

On behalf of the Chair of the Board, I write to inform you that the Board has designated the four initial VVM dissemination workshops specifically to address the needs of DOEs and therefore are open only to DOEs. We are pleased to hear that project developers are interested in using the VVM as a reference tool for the preparation of PDDs and anticipate that the VVM workshop to be organized in conjunction with the CDM Joint Workshop, tentatively scheduled for April 2010 will be open to other stakeholders, including project participants. Perhaps this will provide an opportunity for project developers to exchange their views and provide inputs on the VVM.

Yours sincerely,

Daniele Violetti  
Secretary to the CDM Executive Board
