Re.: Project Developer Forum input on Materiality

Dear Mr. Enderlin

Thank you for your letter dated 22 May 2009 which has been made available to the Board. Please accept our apologies for the delay in sending you this response.

On behalf of the Chair of the Board, I write to inform you that the Board has been considering the concept of materiality for some time now. At its fifty-first meeting, the Board decided that introducing this concept "was premature given the current stage of development of the CDM but could merit further consideration at a future meeting" (see paragraph 13 of report of EB51 available at: <http://cdm.unfccc.int/EB/051/eb51rep.pdf>).

Yours sincerely,

A handwritten signature in black ink, appearing to read 'D. Violetti', is placed above the printed name.

Secretary to the CDM Executive Board
